2021 PROPERTY GOALS

#FindABetterWayToLive

PERSONAL GOALS

Take a moment to brainstorm some property goals for the year to help you find a better way to live in 2021. By writing them down you can help create smaller jobs to help achieve what you want to for the year. We have broken it down into sections, one for homeowners and one for home buyers, and also included a place below for your personal goals to help guide your decisions. Follow molenaar + mcneice for inspo, home hacks and pre-market properties.

In my relationships I want to...

For my finances I want to...

In my career I want to....

For others I want to...

For my health I want to....

For my community I want to...

BUYING A HOME

One way to get closer to achieving your goals is to break them up into actions and projects. Tangible and achievable actions are key so choose your main goals and break them down into action steps to help get started.
